

About LEXNTECH

LEXNTECH is one of the top Intellectual Property (IP) law firms established under Indian law. The core to the firm is Global practice in the area of Intellectual Property. With the latest Information Technology tools, we at LEXNTECH, provide high quality and low cost IP Services to attorneys, corporate, and individuals around the world from our office in Delhi, India, without ever meeting the client. Our underlying belief in being transparent, candid and interactive with the client in arriving at the solutions, has earned us many satisfying clients all over the world.

Confidentiality

Confidentiality is a way of life at LEXNTECH. There are strong firewalls within the teams working for a client.

Conflict Check

To begin working on a project, we receive a technical disclosure for conducting a conflict check, and inform the client upon reviewing the same. We do not proceed with matters which conflict with our existing clientele.

Quality Assurances - Confidence Inspiring Money Back Guarantee

While we are confident that we provide work product equivalent or superior in quality to that produced by reputable law firms, we provide further assurance of such quality in the form of a money back guarantee. If you are dissatisfied for any reason, LEXNTECH will do whatever is necessary to make you satisfied, including a full refund of your money.

Rates

Our rates are less than 1/3rd of the rates charged by our competitors! We further offer discounts for high-volume projects and/or customers

Our Competitive Advantage

The practice arena of intellectual property is staffed by a right-mix of experienced professionals along with young energetic fresh blood, who come from multidisciplinary and diverse backgrounds such as science, engineering & technologies, law, medical and business administration. A right pool of talent at LEXNTECH, gives us the clear competitive advantage over other legal service firms in terms of cost, quality and turnaround time.

High Quality at Low Cost

At LEXNTECH quality is our primary goal. Our Charges are almost 1/3rd of the charges of other IP service providers. When you retain LEXNTECH, your exclusive contact is with highly experienced professionals, as we are extremely selective in our hiring practices. Each of our team member has graduated from a premier Indian university with a degree in his or her respective field, received extensive legal training, and passed LEXNTECH's rigorous research and writing exam.

Retainer

We generally ask that customers pay an upfront retainer equal to ½ the expected project cost and then be billed for the remainder of the balance within 30 days of project completion, or, in the case of ongoing projects, at specific intervals.

LEXNTECH Services

Our IP attorneys have strong technical background and expertise in handling cases relating to their field of technologies. They are responsible for reviewing technical literature provided by clients, drafting of patent specifications; filing under domestic law for national level patents or under international treaties, prosecution of applications, patent searches and opinions on patentability and patent validity.
